

Join us in celebrating this **week-long STEM event** powered by TryEngineering.org

Your product and brand will be visible to STEM educators and volunteers, IEEE Members and academia that support STEM activities around the globe.

TryEngineering aims to empower educators to foster the next generation of technology innovators. We provide educators, students, and volunteers with resources, lesson plans, and activities that engage and inspire STEM.

The inaugural STEM Summit, held November 2021, had over 1000 registered with over 300 attendees from 65 countries.
